What is a TeachMeet?

Jelena - 2024-07-02 - TeachMeets

A TeachMeet is an organised but informal meeting where participants give short presentations on some aspect of education, related to a course topic. This can be a good practice they've delivered over the past year, or a product that has enhanced their lessons. It is a great opportunity to learn from peers, but also a nice way to practise public speaking skills, to reflect on your work environment, and to share your expertise.
